

# Safari Essential Tech Library

Safari Books Online is an on-demand, digital library that provides access to thousands of titles for technology, business and creative professionals. For IT managers and software engineers and developers, the Safari Essential Tech Library is the ultimate resource for titles from publishers like Manning, Prentice Hall, lynda.com, Microsoft Press, Cisco Press and more. Safari Books Online is the exclusive online provider of titles from O'Reilly Media, Addison-Wesley, Peachpit Press, Apress and Adobe Press.

An unparalleled digital library for programming and IT departments, the Safari Essential Tech Library provides on-demand access to the best-selling, top-rated titles. Your subscription gives you the ability to search thousands of books and articles from respected authors and well-known experts—all on one, fully searchable, easy-to-use website.

## The Safari Essential Tech Library empowers your technical employees to:

- Improve productivity by searching the entire technology collection in seconds to pinpoint exact chapters and sections for examples and answers to questions.
- Solve problems with comprehensive, relevant answers to technical engineering, design or application issues.
- Develop skills with expert instruction on software development, system administration, web design, programming and more.

## Contact Us Today!

Safari Books Online provides access to fully searchable collections of books, articles, certification study guides, and instructional videos from the most respected and well-known technology and business publishers. And, only Safari Books Online offers Rough Cuts, giving subscribers access to new books as they're being written and edited before publication.
